MESSAGE FROM THE PRINCIPAL

A new school year brings new opportunities. Central A&M High School urges all students to take advantage of the educational and extra-curricular offerings in Raider Nation. Consider this a clean slate – you can improve over whatever the result was from last school year. It is in your hands, and here are some tips to succeed at Central A&M High School:

- Have good attendance. Good attendance leads to a much better chance for academic success. Nothing replaces the instruction of the teacher in the classroom.
- Have a positive attitude. Bring a smile with you to school each day and seize each opportunity to better yourself.
- Communicate with the staff. Our staff is knowledgeable and caring. We all want you to succeed and be prepared for adult life outside of high school. Respectfully communicate with all staff members to help develop the best learning environment. Parents, feel free to become involved in your child's education by checking our computer-based grades program. You have the ability to check progress on a daily basis, and you are encouraged to contact staff members early when progress lags behind what is expected.
- Keep up with work. Homework and projects are there to help you master skills you will need to succeed. Keeping up to date with assignments leads to success.
- Become involved! Whether it be sports, music, or any of our several clubs and organizations, involve yourself in an extra-curricular program to enhance your education. Students who are involved tend to succeed in the classroom as well.

It is your responsibility to know and abide by the procedures, rules, guidelines and information in the student handbook. You will be held accountable for your actions and choices. Every choice that you make reflects upon you and your reputation.

I look forward to a great year in Raider Nation!
Charles Brown, Principal

ADMINISTRATION OF MEDICINE POLICY

In an effort to accommodate the needs of students who are not at the point of being homebound due to illness, but who have been prescribed medication by a physician, the following procedures shall be implemented:

- Parents may request that students receiving medication prescribed in writing by a doctor be administered by the building administrator or designee.
- Medication and written directions of administration as prescribed by a doctor shall be delivered to office personnel by the parent on a weekly basis.
- Medication should be in the original prescription container with the name of the medication and the dosage indicated on the front of the container.
- Medication will be housed by office personnel in a location not accessible to students.
- With parent input, doctors should schedule medication administration so that a minimal number of administrations should be made at school.
- The student is responsible for reporting to the office for medication at the prescribed time.

The above procedures are implemented to accommodate mild, non-contagious illnesses in which prescription medication needs to be administered no more than once or twice per day. In the event that the illness calls for a more intensive schedule of administration, the school reserves the right to deny medication.

Please note: Only medication prescribed by a doctor will be administered to students during the day. This includes over the counter medications, essential oils and vitamins.

The Administration of Medicine form must be completed and returned to school when your student needs to have medication administered. This sheet is available in the office.

Accommodating Individuals with Disabilities Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Educational programs for children between the ages of three (3) and twenty-one (21) years of age who have special needs due to handicaps or mental disabilities are provided by the local district through a cooperative arrangement with the Macon-Piatt Special Education District as prescribed by the *Rules and Regulations for the Administration of Special Education in the State of Illinois*. Specific inquiries may be made to the superintendent or the Director, Macon-Piatt Special Education District, 101 West Cerro Gordo St., Decatur, Illinois 62523. The telephone number is 217/424-3025.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

For further information, please contact the high school principal at 768-3866.

Accident Reporting All accidents and injuries should be reported to the instructor and/or the office. In case of serious injuries, a parent/guardian will be notified and informed of the situation.

Animals on School Property In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student of other individual with a documented disability. This rule is in effect for all extra-curricular activities as well as the school day. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal

is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Basic Rights Each student has a right to learn; each teacher has a right to teach.

Students, staff, and parents have a right to support each other.

Board of Education The seven members of the Board of Education of Central A&M Community Unit District 21 are elected at large from the residents of the school district. Members serve four-year terms of office and are elected in the Nonpartisan Election in odd-numbered years. The board meets at least once each month on the 3rd Monday of each month, unless there are five Mondays in the month, at which point the board often meets on the 4th Monday. Meetings are scheduled in the Central A&M High School Library, Moweaqua, during even-numbered months; and in the Central A&M Middle School Library, Assumption, during odd-numbered months. The regular monthly meetings are held at 7:00 p.m. All meetings of the board and committee meetings are public meetings.

Code of Conduct The Code of Conduct shall be regarded as a supplement to the Central A&M District Discipline Policy. For more specific information refer to the district discipline policy and the Illinois School Code.

Compulsory Attendance Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Curriculum The district shall provide a curriculum of studies in accordance with state laws and rules and regulations. When parents find portions of the curriculum objectionable, the student may not be required to take that portion of the class or subject, provided that the parent submits written objection to the appropriate school administrator of the school the child attends.

Eligibility for Enrollment Whoever has custody or control of any child between the ages of 5 (on or before September 1) and 17 years (unless the child has already graduated from high school) shall cause such child to attend some public school in the district wherein the child resides the entire time it is in session during the regular school term.

Emergency School Closings In cases of bad weather and other local emergencies, please listen to WTIM (AM 94.3, Taylorville), WSOY (AM 1340) and WDZQ (FM 95.1, Decatur) and WSHY (AM 1560, Shelbyville) radio stations. An announcement to close school will also be made on WCIA (Champaign), WICS (Springfield), and WAND (Decatur) television stations. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information. Information on school closings will also be posted on the following website: <http://www.camraiders.com>.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal. If school is dismissed early for an emergency, all after-school functions are automatically canceled.

Equal Opportunity and Sex Equity Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disabilities, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact the Superintendent.

Homeless Child's Right to Education When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

1. continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

If assistance and support for homeless families is needed, contact the school principal.

Lockers/Locks Each student will be provided with a hallway locker and a Physical Education locker. *Students are required to place school locks on their hallway locker and Physical Education locker and have their lockers locked correctly at all times.* A lock for their hallway locker will be issued to all students at the beginning of their freshman school year. Students will be responsible for this lock until they graduate at which time they will need to turn their lock in. Students will be issued a lock for their Physical Education locker at the beginning of each school year which will be turned in at the end of each school year. Students will also need to turn in their locks upon transferring. Students who do not turn in a lock will be fined \$5.00. Replacement locks will cost the students \$5.00. Only school issued locks will be allowed. In an emergency or other situation, where there is a reasonable belief to suspect that illegal or questionable objects/substances are in a student's locker, the school reserves the right to open and search that locker. Students are only allowed the use of one hallway locker and one gym locker. Each student is responsible for the condition of the locker that has been issued for their use. Nothing may be taped or attached to the outside of any locker.

Lost and Found All found articles should be turned in to the office immediately. Any lost articles should be reported to the office immediately. Students will be asked to describe the article in question if they wish to claim it. Articles of value turned in to the office will be held until the end of the school term and will be discarded if unclaimed.

Parental Involvement in State and Federal Programs Parental involvement and input are always welcome in the Central A&M schools. If you have questions, concerns, or suggestions regarding any of the programs of the schools, including the state and federal programs in which the district participates, please contact the superintendent's office. Your comments will be welcomed and appreciated. Central A&M participates in these federal programs: Title I, Title II, and RTI.

Parent Support at Extra-curricular Events The Central A&M Board of Education and Administration strongly encourage parent attendance and support of extra-curricular events. Parent verbal support of our teams is greatly appreciated and requested, but yelling at or harassing players, fans, coaches, or officials is not considered acceptable or appropriate behavior. Please be aware that your support of Central A&M teams is important and that your conduct reflects not only on you, but also on your team, school and community.

Residency Any eligible student (1) who lives within the district with his/her parents, (2) placed with legally-appointed guardians or foster parents living in the district, or (3) a legally emancipated self-supporting student who lives in the district may attend school at Central A&M. Students who are in long-term custody of other than family members may attend

district schools provided that the placement is for other purposes than school attendance. Non-resident students may attend school with board of education approval by paying the per capita tuition charge.

School Property Each student is responsible for the textbooks and materials which the student rents or uses. If materials or a book is damaged, lost, or stolen, the student to whom it was issued is financially responsible for the replacement or repair of the book or materials. Any person caught maliciously or willfully destroying school property must pay for the damages, will be subject to disciplinary action by the school, and may be subject to arrest by law enforcement officials for destruction of property or an applicable charge.

Seal of Biliteracy Description The Illinois Seal of Biliteracy is a voluntary recognition program for students who possess a high level of fluency in English and another language. A student's fluency in both languages must be demonstrated via a standardized test that measures all modes of communication (reading, writing, speaking and listening). Typically, students who have studied a language throughout all four years of high school, or who learned a language outside of the school setting will be able to demonstrate their skills at a high enough level to earn the Seal of Biliteracy on their transcript and high school diploma. Languages that are not taught in Central A&M CUD #21 are eligible for the Seal through standardized tests or a demonstration portfolio. Students interested in earning the Seal of Biliteracy should visit Mr. Lehman for more information. Students are responsible for the cost of any tests or portfolio evaluation used to demonstrate their level of proficiency.

Sexual Harassment All students have the right to an environment free of unwelcome sexual advances, requests for sexual favors, harassment of others due to perceived sexual orientation, and verbal or physical conduct that constitutes sexual harassment as defined by state and federal law. Students who feel uncomfortable should report the incident to a teacher, counselor, or administrator.

Sexual Offender Notification State law requires schools to notify parents/guardians during school registration or parent-teacher conferences that information about sex offenders and violent offenders against youth is available to the public on the Ill. Dept. of State Police (ISP) website. The ISP website contains the following:

Illinois Sex Offender Registry, www.isp.state.il.us/sor/
Illinois Murderer and Violent Offender Against Youth Registry,
www.isp.state.il.us/cmvo/
Frequently Asked Questions Concerning Sex Offenders,
www.isp.state.il.us/sor/faq.cfm

Student Activism, Strike, or Disorder In the event of student disorder, firm measures will be taken to minimize the disruption to the educational process. These measures may include notifying the superintendent, proper authorities, and parents/guardians. (Refer to District discipline handbook.)

Student Support at Extra-curricular Events The Central A&M Board of Education and Administration strongly encourage student attendance and support of extra-curricular events. Student verbal support of our teams is greatly appreciated and requested, but yelling at or harassing players, fans, coaches, or officials is not considered acceptable or appropriate behavior. Please be aware that your support of Central A&M teams is important and that your conduct reflects not only on you, but also on your team, school and community.

Telephone Use Telephones in the main office are not to be used by students except with permission from the school staff or in the event of an emergency. Student cell phones may be used in the office or the classroom with the permission and supervision of a staff member.

Theft/Possession/Transfer of Stolen Property All students are to respect the property rights of others and of the school. Unauthorized possession or use of school property or of

the property of another student will be treated as a serious act of misconduct and financial restitution may be required.

Transferring to Another School When a student transfers to another school or leaves school for any reason, he/she is required to pay all fees and school indebtedness which he/she owes, turn in all library books, turn in locks and all textbooks to the school office. Student records will not be transferred until all indebtedness has been satisfied and locks and books returned.

Video and Audio Monitoring System A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Visitors All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Visitors must take a name tag as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to return to the main office and sign out before leaving the building. Students who wish to have a visitor with them at school must have principal permission at least one day in advance.

Volunteers All school volunteers must complete the "Volunteer Information Form" and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

2. Attendance

Illinois law requires that whoever has custody or control of any child between six and seventeen years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Attendance Policies and Procedures State law requires school attendance. Regular attendance is one of the first requirements for being successful in school. Students need to be present to participate in class discussions, projects, and assignments and to gain full advantage of the education offered at Central A&M High School. The classroom experience and the full impact of daily assignments cannot be replicated for students who are frequently absent. Daily attendance is mandatory for successful completion of a course. The law is specific and parents/guardians must cooperate with the school to ensure that regular school attendance is enforced. Illinois School Code (Section 26-1) states: "Whoever has custody or control of any child between the ages of 6 and 17 years shall cause such child to attend some public school in the district wherein the child resides the entire time it is in session during the regular school term."

When a student is absent, parents are asked to call the office at 768-3866 or 1-800-358-3672 by 9:00 a.m. to report the absence and the reason for the absence. If the office does not receive notice or verification within 48 hours, the absence will be unexcused. **Any student who is absent, assigned an alternative education setting or out of school suspension, may not attend any school activity on that day.**

Absences are recorded by class period and accumulated absences of more than **five** days during a semester for any reason other than with a doctor's excuse will be unexcused. **IT IS THE RESPONSIBILITY OF THE PARENTS/GUARDIANS TO SEE THAT STUDENTS ARE IN REGULAR ATTENDANCE.**

Closed Campus Students may not leave the building or premises during the regular school day unless leaving the building is an integral part of the student's educational program or permission has been granted by the building principal or designee. Students are required to sign out when leaving the school before the end of the school day and to sign in when arriving at school after the beginning of their first class.

College Visitation Days Students with a junior class standing are allowed one college visit day. Senior students may have two college visit days. Students wishing to take a college visit day will need to obtain a form from the office and have it signed by the principal, parent and college official. The college visit day will count towards the five days allowed for the semester. The principal must sign the form prior to the college visit day.

Home and Hospital Instruction Home and Hospital Instruction A student who is absent from school, or whose physician, physician assistant or advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital. A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage. For information on home or hospital instruction, contact: Principal Charles Brown at 217-768-3866.

Illness During the School Day A student who becomes ill during their school day should report to the office or to a teacher. Students who become ill should not leave school without permission from the office. A parent/guardian will be notified and informed of the situation if a student wishes to go home or is seriously ill.

Leaving During School Hours Central A&M High School operates as a closed campus. If a student must leave the school to go home for any reason, he/she must check out in the office. A note signed by a parent/guardian must be presented to the office prior to the student leaving. If a student does not have a note, the parent/guardian must be reached by phone prior to the student's dismissal. If a parent cannot be reached, the student may only be excused to leave by the principal. If a student returns to school during their school day, he/she must check in at the office and should bring a written note from the doctor, dentist, orthodontist, court, agency, or parent. Students who leave the school building or campus without permission from the office will be considered as unexcused and truant and disciplined accordingly.

Make-up Work If a student's absence is excused, he/she will be permitted to make up any missed work, including homework and tests. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school will not be allowed to make up missed work.

Prearranged Absences At the discretion of the administration, a student may be allowed to prearrange an absence, thereby receiving an excused absence. The following procedure should be followed to make a request for a prearranged absence:

- the parent/guardian must notify the school by phone or in writing and state the reason for the upcoming absence.
- the student must obtain a prearranged absence form from the office
- complete the form and have the parent sign
- take the form to all teachers for written comments and initials

- return the form to the office for approval/disapproval and signature of the principal, preferably a minimum of two days prior to the planned absence (death in family or family emergency may be exceptions to this rule)
- secure all assignments from teachers prior to the intended absence (students are completely responsible for make-up work per the make-up work policy.)

Requests that the school will consider legitimate for a prearranged absence include: family trips (five days cumulative); doctor, dental, and legal appointments. When possible, doctor and dental appointments that will take longer than one-half school day must be cleared by the principal. Students that are failing a class will not be allowed to miss class for field trips, job shadowing, etc. A request may not be granted if the student qualifies as a chronic truant.

Release Time for Religious Instruction and Observance A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Student Absences There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent or guardian is required to call the school at 768-3866 before 9:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 9:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Tardiness Arriving tardy to school or class is not permitted. Students are expected to be on time each day. Punctuality is an important work ethic in our society and a habit that the school and the parents must strive to make a part of each student's character and lifestyle. If a student is frequently tardy, parents will be contacted by a teacher or administrator in an effort to resolve the problem. For purposes of attendance, a student more than five minutes late to a class without a valid excuse will have an unexcused absence for that class.

A student that is tardy to school for their first class of the day will be sent to the office. The principal will assign a detention if the tardiness is determined to be unexcused. Examples of unexcused tardies to school are overslept, car trouble, missed the bus, etc...

Students are expected to be in class when the bell rings. A student that receives an unexcused tardy to any class period will be assigned a detention by the classroom teacher.

Truancy – Chronic Truancy Student attendance is critical to the learning process.

Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1 % but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Unexcused Absence Unexcused absences are those which generally fit the category of being avoidable. Students may make up the work missed while they were unexcused, but will not receive credit for the work. The principal has the authority to make the determination of whether or not the absence is unexcused. Examples of "unexcused absences" are:

- Vacation without prior approval of the principal
- Phone call or note from parent/guardian not received to verify absence within 48 hours of the absence
- Other reasons which may be unacceptable to the building principal
- If a student is absent from school, but attends a school activity or reports to an after-school job on the same day, the absence will be marked unexcused.

3. Academics

Correspondence Courses A student enrolled in a correspondence course may receive high school credit for work completed, provided:

1. The course is given by an accredited institution and approved in advance by the principal.
2. The student assumes responsibility for all fees.
3. Students must complete 60 hours of seat time to be awarded credit for passing work.
4. Seniors completing a correspondence course to fulfill graduation requirements, must have the final grade reported to the guidance counselor by May 1.

A maximum of 2 units of credit may be counted toward the requirements for a student's high school graduation.

Credit for Non-District Experiences A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Distance learning course, including a correspondence, virtual, or online course.
2. Courses in an accredited foreign exchange program.
3. Summer school or community college courses.
4. College courses offering dual credit courses at both the college and high school level. We have a dual credit option in Math through Richland Community College, plus other courses through the Richland Transfer Academy.
5. Credit earned at Heartland Tech. Students must receive pre-approval from the building principal or designee to receive credit for any non-District course or experience. The building principal or designee will determine the amount of credit and whether a proficiency examination is required before the credit is awarded. Students assume responsibility for any fees, tuition, supplies, and other expenses. Students are responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The building principal or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities.

Heartland Technical Academy and Richland Transfer Academy Students attending HTA/RTA are expected to follow both the Heartland Technical Academy/Richland Transfer Academy and Central A&M calendar schedules. Attendance is required regardless of whether or not the other school is in session. If Central A&M is not in session, but HTA/RTA is, students are required to attend at HTA/RTA. If HTA/RTA is not in session, but Central A&M is, students are required to attend classes at Central A&M. HTA/RTA students will be given a calendar with attendance dates for HTA/RTA and Central A&M. Attendance and academic achievement are critical issues when determining eligibility for HTA due to the expense of tuition. *Any student who has ten or more absences during a school year without a signed doctor's excuse will not be allowed to attend the Heartland Technical Academy the following year.* RTA students must meet RTA requirements for admission and are responsible for their full tuition and book fees. Central A&M provides transportation to HTA/RTA and students are required to ride the provided transportation each day, even when Central A&M is not in attendance. Exceptions must be approved by the building principal. *Students who choose not to follow these guidelines will be dropped from classes at HTA/RTA. Students attending HTA are required to maintain a C average to continue in the program.*

Exemption from P.E. Requirement A student in grades 9-12 may submit a written request to the building principal to be excused from physical education courses for the reasons stated below:

1. Ongoing participation in an interscholastic athletic program, with coaches approval (student must be in the 11th or 12th grade);
2. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
3. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

Exemption from P.E. Requirement for Students with an IEP A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education

- time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

Exemption from P.E. Requirements Based on Medical or Religious Prohibitions.

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:²

1. The time of year when the student's participation ceases;
2. The student's class schedule; and
3. The student's future or planned additional participation in activities qualifying for substitutions for physical education, as outlined above.

Grading Scale Plus and minus grades are used in the computation of a student's grade point average (GPA) and all courses taken are included in the GPA computation. The grading system and each numerical equivalent are as follows:

A	94-100	4.00
A-	90-93	3.70
B+	88-89	3.30
B	82-87	3.00
B-	80-81	2.70
C+	78-79	2.30
C	72-77	2.00
C-	70-71	1.70
D+	68-69	1.30
D	62-67	1.00
D-	60-61	0.70
F	Below 60	0.00

Incomplete Grades - Due to approved absences or a prior arrangement with the instructor, the student has assigned work yet to complete before a letter grade can be assigned. The student is responsible for making arrangements with the teacher to complete the required class work. If the work is not completed within 10 school days, the teacher will determine the student's grade based on the work completed and change the incomplete (**I**) grade to a letter grade.

Semester Grades Semester grades are the grades permanently recorded. Semester grades are determined by the following method: semester exams count approximately 1/5 and the semester grade counts approximately 4/5. Students receiving an “F” for the first semester of a full year (one credit) course will not receive any credit for that semester. Students who pass the first semester and fail the second semester will only receive credit for the first semester, or ½ unit of credit.

Graduation Requirements/Credits A student must complete a minimum of 22 credits of high school work in order to graduate. A student should earn at least 5.5 credits each year in order to be able to graduate in four (4) years. Credits for graduation are required in the following courses and subject areas:

Required Courses:	Required Credits:		
English	4.0	Social Science**	2.0

Before the beginning of the school year, a student of ‘Senior’ standing should check with the guidance counselor to determine if all credits required for graduation are in order. Seniors with unclear records will not be allowed to participate in the graduation ceremony.

Honor Roll A student must meet the following requirements in order to be eligible for consideration for honor roll:

High Honor (no grade less than an A-) GPA of 3.70 – 4.00

Honor Roll (no grade less than a B-) GPA of 3.00 – 3.69

Honorable Mention (grades of all A's and B's and one C) GPA of 3.00 or above

Make-up Work Students are allowed one day to make up work for each day that they have an excused absence unless the student has been deemed unexcused or truant. It is the student's responsibility to obtain all make-up work from the teacher immediately upon returning to school. It is advisable to ask a friend to provide you with your books or assignments if you miss more than one day. Parents may ask the office to request assignments from the teachers after three days of student absence. Assignments may be picked up after adequate time has been allowed for teachers to gather and send them to the office. Work not made up within these guidelines may result in a grade of zero for the missed assignments. Students should also consult a teacher's classroom management plan for more specific information regarding make-up work.

National Honor Society The National Honor Society (NHS) is sponsored by the National Association of Secondary School Principals and gives recognition to outstanding high school students on the basis of scholarship, leadership, service and character.

Any junior or senior who has attained a cumulative scholastic average of 3.6 or better on the basis of an A = 4 points, a B = 3 points, and a C = 2 points, is eligible to be considered for membership with a completed application. Faculty members then rate students on character, leadership, and service. Students elected to the society must maintain the standards established in the NHS constitution. Failure to meet the standards which were the basis for election may mean dismissal by recommendation of the Chapter Council. A dismissed student is permanently ineligible for membership consideration.

Normal Course Load Each student will be expected to take at least six academic classes (which may include music) plus physical education each semester he/she is enrolled. A study hall is added to the typical schedule. A student may choose to eliminate the study hall by requesting seven academics and physical education. A consultation with the principal, counselor, and parent is required before an exception will be considered. The basis of such consideration will be the student's academic ability, scheduling, class size, teacher recommendation and career plans. *Every effort should be made to limit each student to one study hall during the day.*

Pass/No Credit Option Students may enroll in a class for a pass-no credit grade rather than a standard letter grade if the following requirements are satisfied:

Only one course per semester will be accepted for Pass-No Credit.

- The course cannot be used to satisfy the graduation requirements in that particular curricular area. For example, 3 credits of mathematics are required. The Pass-No Credit option would only be applicable for a mathematics class beyond the 3 required credits.
- A student must be enrolled in at least 3 of the qualifying courses (see list) in a semester to be eligible to use the Pass-No Credit Option.
- If all of the requirements are satisfied, a student may choose any elective class during the semester for the Pass-No Credit Option.
- The Pass-No Credit Option qualifying courses are:

Advanced Topics	Chemistry 2
Spanish 3	Physics
Spanish 4	Anatomy and Physiology
Pre-Calculus	Psychology
Calculus	Sociology

- A “P” would be given if the student’s percentage is 74-100. An “NC” would be given if the student’s grade is 73 or below.
- The Pass-No Credit Option will allow credit for the course if passed, but the “P” or “NC” will not be calculated into the GPA.
- A course taken as Pass-No Credit may not be taken for a letter grade at a later date.
- Permission of the principal and instructor is required.
- Once the semester has begun, the student may not change the Pass-No Credit request.
- *The student must be passing their Pass-No Credit class for eligibility purposes.*
- Forms may be obtained in the guidance office.

Report Cards and Progress Reports A sure way to have success in any academic class is to complete all assigned work on time. The students are responsible for keeping track of assignments and completing work. Parents are encouraged to keep track of student progress through contact with teachers through meetings, phone calls and/or email. Parents are also able to access STI for up-to-date grades at any time throughout the school year. If parents have trouble accessing grades through STI, contact the school office for help. Report cards will be available through STI at the end of each semester grading period. If a student or parent wishes to have a paper copy of the report card, contact the school office.

Schedule Changes A student has one week at the beginning of a semester during which schedule changes may be made through the guidance counselor. After that time a class may not be dropped. Any changes after one week must be approved by the building administrator. A \$10 fee will be assessed for student-initiated schedule changes after the semester begins.

Semester Exam Guidelines

- Students will be required to take all semester exams except during their senior year.
- Student attendance is not required for study hall or P.E. during exams, but a study hall will be open for those who wish to study. Students are required to stay for the entire study hall period.
- Students taking exams must remain in that class for the entire scheduled period. Students are not allowed in the hallways during exam times.
- Students may leave the campus when not taking exams, but may only be in a vehicle if accompanied by a parent or guardian or if leaving for the day.
- Second semester seniors may opt out of all exams using the following criteria:
 Have an “A” average in the class and have 5 or less total excused absences for the semester.
 Have a “B” average in the class and have 4 or less total excused absences for the semester.
 Have a “C” average in the class and have 3 or less total excused absences for the semester.
 *attendance is accumulated by semester, not class period
 **Seniors with more than 10 days excused absences for any reasons will be ineligible to be exempt from exams.
- Seniors may not opt out of any final exam if they have had an alternative education setting, out of school suspension or unexcused absence during the semester.
- Students should be made aware that the “open campus” concept during exams is contingent upon their good behavior. If there are problems, such as loitering in

different areas of town, all students will be forced to stay in the building for the entire day. Students are strongly reminded to behave responsibly in the community and to adhere to these guidelines if they wish to retain the privilege of open campus for the future.

Exam Schedule

Semester Exam Schedule will be shared with students and families closer to the end of each semester.

Study Hall Rules Study halls are for studying and the listed expectations should be followed:

- Each student will be assigned a seat by the study hall teacher.
- Each student will bring enough work to keep busy the entire hour. This includes books, paper, pens, pencils, and other necessary materials.
- School computers may only be used for school educational purposes. Students should not be on the computer without teacher permission.
- There will be no working together or visiting between students without the permission of the teacher.
- Each student leaving the study hall will have a pass issued by a teacher.
- Any student who receives a progress report or report card grade of "F" in at least one class, may not leave his or her seat during the study hall period, unless he/she has a pass from a teacher to do research, work on a computer, or go to a teacher's room. Students receiving an F may also be required to spend a study hall under direct instruction in the AES room.

Summer School Credit will be given for summer school courses taken at an accredited high school upon presentation of satisfactory evidence of the student's performance from that school. The following conditions must be met in order to earn summer school credit:

- The course is given by an accredited institution and approved in advance by the principal.
- The student assumes responsibility for all fees.
- Students must complete 60 hours of seat time to be awarded credit for passing work.
- Computer based credits are subject to the approval of the high school principal and are limited to a total of two for graduation credit.
- The class taken must be on the appropriate grade level of the student and must be approved in advance by the principal.
- The class must be taken for the purpose of earning credit where the student has failed a class locally, the class taken in summer school must be on the exact grade level and the content must be nearly the same as the content of the class failed. Advance approval of the principal is required.

Teacher Aide Students wishing to be a teacher aide during the school year must meet the following criteria:

- Junior/Senior status
- Have an accumulated GPA of 3.0 or better and maintain passing grades in all classes for the semester
- Have a completed application in the Guidance Office

- Must stay with the assigned teacher for the entire period
- Position will be reviewed at the end of each semester
- Applicants not placed will remain in study hall

Early bird class begins at 7:45 a.m., regular classes begin at 8:15 a.m. and students are dismissed at 3:10 p.m. each day. Students who violate the dress code will be required to change into acceptable clothing or PE clothes immediately. We will not waste classroom time by calling home for a change of clothing. If there are no clothing options available, students will be assigned to AES the rest of the day. Repeated offenses will result in additional disciplinary action.

5. Student Behavior

Teachers and other school employees shall maintain discipline in the schools and on school property. In all matters relating to the discipline and conduct of students, teachers and administrators stand in the place of parents or guardians to the pupils.

- No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

- On, or within sight of, school grounds before, during, or after school hours or at any time;
- Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
- Traveling to or from school or a school activity, function, or event; or
- Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Disciplinary Measures School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. Alternative Education Setting.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal Punishment Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above. The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Gang & Gang Activity Prohibited "Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

6. Prevention of & Responding to Bullying, Intimidation and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

- Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:
 1. During any school-sponsored education program or activity.
 2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
 3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
 4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.
- Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:
 1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
 2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
 3. Substantially interfering with the student's or students' academic performance; or
 4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.
- Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.
- Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual

or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

- Complaint Managers:

Principal Charles Brown 217-768-3866 cbrown@camraiders.com	Counselor Dotty Simmons 217-768-3866 dsimmons@camraiders.com
--	--

- A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions. A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Multi-Media Center/Library The purpose of the Multi-Media Center/Library is to furnish books and materials to meet the educational needs of students and staff. It is not a social gathering place. At various times during the school day, the Multi-Media Center/Library is a very busy place with both high school and elementary students present. Please use the Multi-Media Center/Library quietly. Fines for overdue and lost materials are sometimes assessed. Grade cards and STI login access will be withheld until the materials are returned and/or the fines are paid.

Parents Online Access Parents may access information about grades, attendance and discipline on-line. Please see the [STI Login](#) link at the bottom of the high school home page, www.camraiders.com. Call the school and leave your name, your student's name, and your e-mail address. A user ID and password will be sent to you via e-mail.

If the student has any fee delinquency, including lunch account, book or lab fees, and library overdue books or fines, the STI login will be disabled until such delinquencies are cleared up.

Pictures/Films To protect student privacy rights, students are prohibited from photographing or filming during the school day and/or posting online or otherwise distributing school photos or film.

Student e-mail accounts All students at Central A&M High School have been issued an official email address which is the property of Central A&M CUSD 21. Students will be removed from the system for any infractions against student e-mail policy usage of our district. In addition, all students will be removed after graduation. The primary purpose of the student electronic mail system is for students to communicate with school staff, outside resources related school assignments, and fellow students to collaborate on school activities. Use of the e-mail system will align with the school's code of conduct and the code will be used for discipline purposes. All e-mail transmissions are filtered and monitored and are not considered to be confidential.

7. Graduation/Commencement Ceremony

The commencement ceremony is the final step in the high school educational process. **No student may be involved in the commencement exercise unless all graduation requirements have been met by 3:00 p.m. the day before the graduation practice.** For those students who earn the right to participate in the ceremony, it is an important event in the life of a student and his/her family. Your cooperation in making the commencement ceremony a dignified and meaningful celebration that honors the accomplishments of each graduate is appreciated. In keeping with this goal, the following dress code is required for participation in the ceremony:

Young Males: white dress shirt with a collar, black necktie, black dress shoes, black colored dress pants, and black colored socks

Young Females: dress or skirt; shoes - black flats or heels

Mortar boards must be worn flat by all students. Nothing may be taped, pinned, or otherwise attached to the graduation apparel. Any student who does not have access to the required

dress should see the principal or one of the senior class sponsors so that arrangements may be made to borrow the appropriate clothing.

Participation in the commencement ceremony is a privilege and is not required. Again, your cooperation in helping everyone celebrate the achievement of each student in this dignified event is appreciated.

The Valedictorian and the Salutatorian will be honored at Graduation and each will have an opportunity to deliver a speech. At the Graduation Ceremony, students who graduate with Highest Honors (GPA of 3.75 and above) and with Honors (GPA of 3.46-3.74) will be recognized.

In order to be considered for Valedictorian and Salutatorian, students must have completed four of the following nine classes: Calculus, Pre-Calculus, Spanish IV, Honors English IV, Chemistry II, Physics, Anatomy & Physiology, Economics or HS Principal approved Richland College classes.

8. Attendance at School-Sponsored Dances

Attendance at school-sponsored dances is a privilege. Only students who attend the school may attend school-sponsored dances, unless the principal or designee approves a student's guest in advance of the event. A guest must be "age appropriate," defined as under 21.

Students must be in consistent attendance at school in order to be eligible to attend all school dances, including Homecoming and Prom. An 80% attendance rate is required. Students incurring more than one unexcused absence will also be declared ineligible for dance attendance. The principal shall have the final authority to determine eligibility based upon attendance.

All school rules, including the school's discipline code and dress code are in effect during school-sponsored dances.

Students who violate the school's discipline code will be required to leave the dance immediately and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

9. Field Trips

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework (failing grade in any class);
- Attendance issues;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

Misbehavior will result in disciplinary action in accordance to the school's disciplinary procedures.

11. Transportation

Bus Transportation The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. Bus Transportation is considered an extension of the school day. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.

2. Do not move from one seat to another while on the bus.
3. Keep all parts of the body and all objects inside the bus.
4. Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
5. Enter and exit the bus only when the bus is fully stopped.
6. All school rules apply while on the bus, at a bus stop, or waiting for the bus.
7. Use emergency door only in an emergency.
8. In the event of emergency, stay on the bus and await instructions from the bus driver.
9. Good behavior and behavior that will not distract the bus driver from operating the bus safely is required. Crowding, pushing, scuffling, and other needless commotion are grounds for disciplinary action.
10. Do not open windows.
11. Keep the bus neat and clean.
12. Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
13. Be waiting at your bus stop on time.
14. Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.
15. Keep book bags, books, packages, coats, and other objects out of the aisles. Keep all body parts clear of the aisles when seated.
16. Eating is not permitted on the bus.
17. Parents will be liable for any defacing or damage students do to the bus.

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact the District Office at 226-4042.

Parking Students may park their vehicles in the school parking lot. Vehicles must be parked in student parking spots, and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

The lots designated yellow spots are for school staff, personnel, and others designated by administration. These spots MAY NOT be used by students at any time. Student vehicles parked in these lots may be towed at the discretion of administration with disciplinary action taken.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in vehicles parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

12. Health and Safety

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering ninth grade; and
2. Enrolling in an Illinois school for the first time, regardless of the student's grade.

The required health examinations must include a diabetes screening (diabetes testing is not required) and on the appropriate child health physical form.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Parents objecting to examinations and/or immunizations because of religious beliefs must file a signed Certificate of Religious Exemption form, which also must be signed by an authorized examining health care provider.

Allergies and/or Chronic Illnesses State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at 217-768-3866.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his/her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Asbestos All school buildings within the Central A&M schools have been inspected and re-inspected by accredited inspectors for asbestos containing materials. There is an Asbestos Management Plan in place and available for public inspection during normal business hours. Please contact the district superintendent.

Asthma: The State of Illinois is now requiring all schools to request an Asthma Action Plan for all students with a diagnosis of asthma. Your doctor may use the sample plan or he or she may choose to fill out their own. Either way, please return the complete plan to the school nurse.

Athletic Physicals All students participating in athletics must file evidence of a physical exam with the principal prior to participation in the athletic activity. The examination must

occur not more than 395 days preceding practice or participation in such athletic contest or activity.

Communicable Disease The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent/guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Concussion policy Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition. A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.

Dental Examination All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Eye Examination All students entering the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entering the school. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) evidence of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Exemptions A student will be exempted from the above requirements for:

1. Religious or medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist and signs a waiver.

Guidance and Counseling The school provides a guidance and counseling program for students. The school's counselor is available to those students who require additional assistance.

The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student's career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

Head Lice The school will observe the following procedures regarding head lice:

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. The school will provide oral or written instructions to parent or guardian regarding appropriate treatment for the infestation.

Health History Parents should inform the office concerning students who require immediate or special consideration for conditions such as allergies, asthma, diabetes, epilepsy, or any other physical conditions.

Pest Management and Control All school buildings within the Central A&M school district are regularly inspected for the presence of insect pests and rodents. In order to properly manage and control such pests, it may be necessary to spray buildings and grounds with approved pesticides, including insecticides, rodenticides, and herbicides. By law, the school district must maintain a registry of staff, parents and students who wish to be notified when and if such spraying is scheduled. Persons listed on the registry will be notified at least 48 hours in advance of any air-borne applications of such pesticides. To register, call or notify the school district office, 226-4042.

Safety Drill Procedures Safety drills will occur at times established by administration. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

Student Medication Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Students who are diabetic may also self-carry and self-administer diabetic testing supplies and insulin.

Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The building principal will give additional consideration where one or more of the following factors are present:

An illness in the family;

Unusual expenses such as fire, flood, storm damage, etc.;

Seasonal employment;

Emergency situations; or

When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the building principal will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the building principal at 217-768-3866.

School Meal Program Breakfast is served every school day up to 8:10 a.m. Lunch is served every school day except when there is an 11:30 a.m. or earlier dismissal.

Free or reduced price meals are available for qualifying students. For an application, contact the high school office.

Pursuant to the Hunger-Free Student's Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

14. Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes police officers.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Seizure of Property If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Search and Seizure To maintain order and security, school authorities are authorized by state law to conduct searches of district property as well as students and their personal effects.

- School authorities may search a student and the student's personal effects (e.g. purse, wallet, book bag) when there is a reasonable suspicion that the search will produce evidence that a particular student has violated either the law or the district's student conduct code. The search will be conducted in a manner that is not excessively intrusive to the student.
- School property including but not limited to lockers, desks, and personal effects left in those places by students may be searched by school authorities at any time without notice to or consent of the student and without a search warrant.

- If a search produces evidence that the student has violated the law or district policies, such evidence may be held by school authorities and disciplinary action may be taken.
- If there is reasonable suspicion to believe a student is in possession of illegal drugs, drug paraphernalia, or a weapon, the police and the student's parents will be notified, and the student detained until the police arrive.
- A canine unit may be utilized if there is reasonable belief to indicate that certain contraband exists on District 21 premises.
- School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Students School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

15. Student Privacy Protection

Instructional Material A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Military Recruiter and Institutions of Higher Learning Upon their request, military recruiters and institutions of higher learning will be given access to students' names, addresses and telephone numbers. Parents who do not want their child's name to be released (or students over the age of 18 who do not want their name released) should contact the building principal.

Student Records A school's student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses. The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records.

They are: 1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access. The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied

their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to request removal from the student's academic transcript one or more scores received on college entrance examinations. A parent/guardian or eligible student may ask the District to remove certain scores of college entrance exams from their student's academic transcript. Students often take college entrance examinations multiple times in order to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in academic transcripts having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. To request the removal of scores on college entrance examinations, the parent/guardian or eligible student must submit a written request stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

3. The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper. A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent. Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records. Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring. Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted. The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information. Throughout the school year, the District may release directory information regarding students, limited to: Name Address Grade level Birth date and place Parent/guardian names, addresses, electronic mail addresses, and telephone numbers Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs Academic awards, degrees, and honors Information in relation to school-sponsored activities, organizations, and athletics. Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.² Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released disclosed without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington DC 20202-4605

Student Biometric Information Before collecting biometric information from students, the school must seek the permission of the student's parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characteristics, such as a fingerprint, voice recognition or retinal scan.

Surveys by Third Parties Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation

(created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Sexual behaviors or attitudes.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine program eligibility.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

EXTRACURRICULAR POLICY FOR INTERSCHOLASTIC SPORTS AND ACTIVITIES

CENTRAL A&M DISTRICT #21 EXTRACURRICULAR CODE

The Board of Education and staff of Central A&M School Unit District 21 have adopted this Extracurricular Code which applies to all students, grades 9-12, who desire to participate in competitive or other extracurricular activities. This policy addresses student conduct and imposes additional responsibilities on student extracurricular participants that are not part of an academic class nor otherwise carry credit for a grade.

Participation in extracurricular activities is a privilege available to qualified students. There is no right of students to participate in sports athletic competition, intramurals, pompon or cheerleading activities, or to participate in any other school-governed extracurricular activity. Those who participate in extracurricular activities are considered role models and have a responsibility to favorably represent the school and community. Student extracurricular participants and athletes are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of Central A&M Community Unit District 21. Strict adherence to the rules and policies set forth in the Extracurricular Code is a responsibility that accompanies the privilege of participation. If a student fails to comply with the terms of the Code, the privilege to participate in any extracurricular activity may be lost in accordance with the terms of this extracurricular policy.

The rules set forth in this Extracurricular Code are in effect throughout the school year, twenty-four (24) hours a day, whether or not school is in session, including breaks and holidays. I. Reporting

A staff person who has sufficient evidence to believe an infraction has occurred, a parent of a student who has committed an infraction, the student who has violated the policy, or law enforcement personnel must report a violation to the Activities Director or to the administration. Reliable information including, but not limited to, signed eyewitness statements will be used to determine if a violation of the extracurricular policy has occurred. The Activities Director shall, in consultation with the Principal, oversee all athletic infractions and the Principal or his/her designee shall oversee all non-athletic infractions.

II. Determination of a Violation

The Activities Director and/or the Principal or designee shall investigate the occurrence which gives rise to the charge. If the Activities Director or the Principal determines that discipline may be warranted, based upon the facts as established in the investigation, he/she shall conduct an informal meeting with the student, at which time he/she shall:

1. give the student the oral notice of the charge, and
2. in the event the student denies the charge, give the student an explanation of the evidence and facts leading to the charge, and an opportunity to present his/her version.

If the Activities Director or the Principal determines the allegations to be true, the parent(s) shall be notified and the student shall be temporarily suspended from participation in all extracurricular activities until a meeting is held by the Extracurricular Review Committee, as provided herein.

III. Action by Extracurricular Review Committee

- A. The Committee will consist of the Activities Director, the Principal, one coach and one sponsor (neither of which shall be directly involved with the sport or the activity affected). The Principal shall appoint the Committee, including alternates, at the beginning of each school year.
- B. The Committee will meet within one calendar week from notification of the offense. The parent/guardian and/or the student may choose to meet or to not meet with the Committee. The purpose of the meeting is to discuss the student's behavior and to make a final determination on the alleged infraction. If the Committee by a simple majority believes that an offense has been committed, then it shall impose the penalty provided by the rules.
- C. If dissatisfied with the decision of the Committee, the student and his or her parent/guardian may request a meeting with the Board of Education to review the Committee's decision.
- D. Written notification of a suspension from an extracurricular activity will be mailed home to the parent/guardian.

IV. Student Conduct

- A. No student from Central A&M will conduct himself or herself in an unsportsmanlike manner. This includes but is not limited to hate speech, swearing, stealing, and disrespect for any school personnel, athletic official, vandalism, and other serious acts of misbehavior, some of which may result in detention or suspension. Coaches or sponsors may immediately discipline students for behavior which is unbecoming to a representative of the team or activity in question. - L. The head coach and the Principal shall be informed of any special medical condition affecting a program participant.
- M. Students quitting or dismissed from an extracurricular activity (for non-medical reasons) after the first interscholastic competition will not be allowed to participate in open gym, open weight room, or start a new sport season until the end of the previous season in which they were involved. EXCEPTION: During the freshman year, a student may switch sports without penalty before the first contest if both coaches and the Athletic Director agree to the switch.

The minimum number of contests/activities suspended would be at least one. The student shall, at his or her expense, attend the approved counseling from a State of Illinois licensed substance abuse counselor (CADC); or other State of Illinois licensed counselor providing services appropriate to the offense, as approved by the Principal. The counseling services shall total at least six (6) to eight (8) hours in length or as approved by the principal and a letter from the agency administering the program indicating successful participation and conclusion must be delivered to the Principal.

- B. Each subject area teacher will report weekly to the Principal or designee the academic eligibility of each IHSA program participant. Eligibility is determined to be at least 60% cumulative average for the semester for IHSA students. IHSA eligibility will begin the third week of a semester; however, students must at least meet the IHSA standard the first two weeks of a semester. For activities that begin in the middle of a semester, eligibility will be taken during the first week of practice.
- C. If an IHSA student is academically ineligible, he or she should still participate in practices, but may not dress for games/events during the period of ineligibility. Also, he or she may not be allowed to be dismissed early for games or events.

reinstated for spring sports, providing the student met the IHSA standard first semester. Such students will be allowed to practice at the discretion of the coach.

- G. If a student fails a class during the second semester, he or she shall be ineligible to participate in IHSA activities during the first semester of the following year. If the student receives passing grades 1st quarter he or she shall be reinstated for winter sports provided the student meets the IHSA standard 2nd semester. If a student repeats the failed subject in summer school and receives a passing grade, the student's eligibility will be reinstated for fall sports.
